

We are a CLEAN+SAFE Certified hotel from CHLA and have been approved for HRS's CLEAN & SAFE Expert Inspected Program by a third party.

We have enhanced protocols for disinfecting all our rooms and public areas. Every guests' temperature is taken with our thermal detection system during check-in. The front desk, emv readers are all disinfected between each guest while having to wear masks and following the 6 ft distancing. All staff members have been trained on Covid prevention protocols while wearing PPE. All guests are provided disinfectant wipes to reassure the guests safety. Masks and gloves are provided upon requests for guests as well. All the rooms are disinfected with electrostatic cleaners and the room all have Rabbit Air purifiers with 7 filters including a germ filter that filters down to .1 micron.

We are an upscale boutique property that takes our guests' and employee's safety as our top priority.
